## Davisware releases NEW, web-based version of Global One Fleet

**WEST DUNDEE, IL (March 3, 2016)** – Davisware is pleased to announce the debut of a web-based version for its Global One Fleet (GOF) software solution. This new platform eliminates the need for software installation, allowing users remote access capability.

In addition to a remote interface, the product upgrade boasts the following features:

- New and improved menu/module navigation
- Redesigned Dashboard
- Redesigned MapView
- Vehicle setting customization
- The ability to view Service Orders on a map
- New and improved Events and Notifications
- Improved accuracy and location with Google Maps
- Improved vehicle Data Reports

For more information and/or to request product conversion, please contact Jana Smith:
